Board of Commissioners
First 5 Orange County
Children and Families Commission of Orange County
1505 East 17th Street, Suite 230
Santa Ana, CA 92705

Dear Commissioners,

The Annual Comprehensive Financial Report (ACFR) of the Children and Families Commission of Orange County (the Commission) is hereby submitted. This report contains financial statements that have been prepared in conformity with United States Generally Accepted Accounting Principles (GAAP) prescribed for governmental entities. Responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Commission. To the best of our knowledge and belief, the enclosed data is accurate in all material aspects and is reported in a manner that presents fairly the financial position and changes to the financial position of the Children and Families Commission of Orange County. All disclosures necessary to enable the reader to gain an understanding of the Commission's financial activities have been included.

The ACFR has been audited by the independent certified public accounting firm of Eide Bailly, LLP. The goal of the independent audit was to provide reasonable assurance about whether the basic financial statements of the Commission for the year ended June 30, 2023, are free of material misstatement. The independent certified public accounting firm has issued an unmodified ("clean") opinion on the Commission's financial statements as of and for the year ended June 30, 2023. The independent auditor's report is located at the front of the financial section of this report.

This letter of transmittal is designed to complement and should be read in conjunction with the Management's Discussion and Analysis (MD&A) that immediately follows the independent auditor's report. The MD&A provides a narrative introduction, overview, and an analysis of the basic financial statements.

Profile of the Commission

The Commission was established by the Orange County Board of Supervisors in September 1999 following the passage of Proposition 10, through which California voters made an unprecedented investment in early childhood development. The Commission's activities have been built to develop, adopt, promote and implement programs to support early childhood development. Since inception, the Commission has made a lasting positive impact in Orange County through its expenditures of approximately \$858 million toward grants, programs and operations that improve the well-being of young children and families in Orange County.

Relevant Financial Policies

Financial Plan

In April 2023, the Board of Commissioners confirmed the updated Long-Term Financial Plan (LTFP). The LTFP, which is reviewed annually to incorporate the prior year-end financials as well as updated revenue projections and continues to anticipate annual decreases in Proposition 10 tobacco tax collections. Since its peak in 2000, the Commission has had an overall reduction of over 50% in revenue, and tobacco revenue is projected to continue to decline at a rate of 3% to 4% annually. Above and beyond the expected annual decline in tobacco tax revenue was the passage of the sale of flavored tobacco products in November 2023. The ban on the sale of these products had an immediate impact on the tax revenue received in Fiscal Year 2022-2023 and is expected to further decrease revenue in Fiscal Year 2023-2024 before settling back into the previous pattern of 3% - 4% annual decline.

The overall decrease in tobacco tax revenues was the focus of discussions around the LTFP. Reduced future year expenditure targets were incorporated into the plan along with some remaining set asides for future anticipated one-time systems building funding. The annual budget reductions will be supplemented with funding reserves to align with future, expected tobacco tax revenue and the Strategic Plan.

Strategic Plan

In April 2021, First 5 OC updated its Strategic Plan envisioning an Orange County in which “All children reach their full potential.” The updated Plan was reviewed again in April 2022. The groundwork for this vision to be achieved is set during a child’s earliest years. First 5 OC partners with many organizations working towards creating and maintaining an early childhood system that families experience as a seamless network of care. The conditions needed for children to thrive are:

- Early and Ongoing Health and Development;
- Equitable Distribution of Resources;
- A Safe, Stable, and Nurturing Home; and
- Neighborhoods that Support Young Children and Families.

First 5 OC uses four guiding strategies to provide a lens through which to prioritize our work. We believe these four strategies have the most impact on improving the conditions needed for children and families to thrive:

- Get Involved Early;
- Elevate Equity;
- Empower Champions; and
- Align Systems of Care.

Other Financial Information

Internal Control

The management of the Commission is responsible for establishing and maintaining internal controls designed to ensure that the assets of the public entity are protected from loss, theft, or misuse. Management is also responsible for ensuring that adequate accounting data are compiled to allow for the preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Control

The objective of budgetary control is to ensure that spending is limited to the total amount authorized by the Board of Commissioners. The initial budget for Fiscal Year 2022-2023 was adopted on June 1, 2022. The President/CEO has the discretion to adjust the budget as defined within the budget policy of the Board of Commissioners. Monthly financial highlights are provided to the Board of Commissioners.

Risk Management

The Commission manages its risk exposure in part through the purchase of Workers Compensation, Property, General Liability, Auto, Crime and Directors and Officers insurance through the County of Orange.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Commission for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022. This was the tenth consecutive year that the Commission has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the Commission must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both accounting principles generally accepted in the United State of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. I believe that the current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

I would like to express my sincere appreciation to Commission staff and the staff of the certified public accounting firm of Eide Bailly, LLP. I hope this report will be of interest and use to those in the County of Orange, other governmental agencies, and the public interested in the financial activity of the Commission.

Sincerely,

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and the general fund of the Children and Families Commission of Orange County (the Commission), a component unit of the County of Orange, California as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Commission, as of June 30, 2023, and the respective changes in financial position and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of proportionate share of the net pension liability (asset), schedule of changes in Commission's net OPEB liability, and schedules of the Commission's contributions – pension and OPEB, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The schedule of First 5 California Funding is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of First 5 California Funding is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2023, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

**CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY
MANAGEMENT DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2023**

As management of the Children and Families Commission of Orange County (Commission), we offer readers of the Commission's Annual Comprehensive Financial Report this overview and analysis of the financial activities for the fiscal year ended June 30, 2023. Please read in conjunction with the Commission's basic financial statements and accompanying notes.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the Commission as reported on the Statement of Net Position exceeded its liabilities and deferred inflows of resources by \$66.8 million at the end of the current fiscal year, an increase of \$2.8 million (4.4%) from the prior fiscal year. The increase in Net Position is primarily due to program reimbursement revenues and planned decreases in overall program spending.
- As of June 30, 2023, the Commission's governmental fund statements reported an ending fund balance totaling \$65.6 million, an increase of \$2.3 million (3.6%).
- The total ending fund balance of \$65.6 million was classified into the following categories: \$0.8 million as non-spendable, \$12 million as committed, \$25.5 million as assigned, and \$27.4 million as unassigned.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual comprehensive financial report consists of three parts: the introduction section, the basic financial statements including government-wide financial statements, governmental fund financial statements and notes to the basic financial statements, and the statistical section. The Commission's financial statements, prepared in accordance with generally accepted accounting principles (GAAP), offer key, high-level financial information about the activities during the reporting period.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Commission's finances and activities. These statements are prepared using the full accrual basis of accounting and a total economic resource measurement focus, in order to provide both long-term and short-term information about the Commission's overall financial status. A detailed definition of these methods is described in Note 1 of the basic financial statements.

The Statement of Net Position presents information on all Commission assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position. Changes in net position may serve as a useful indicator of whether the financial position of the Commission is improving or declining.

The Statement of Activities presents changes in the Commission's net position during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but not received, unused vacation leave, net pension liability).

Fund Financial Statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related and legal requirements. All Commission activities are accounted for in the general fund.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on *balances of spendable*

CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY
MANAGEMENT DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2023

resources available at the end of the year. Such information may be useful in evaluating the Commission's near-term financing requirements.

Because the focus of government funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Commission's near-term financial decisions. Reconciliations are presented for the Balance Sheet of governmental funds and the Statement of Revenues, Expenditures and Changes in Fund Balances of governmental funds to facilitate comparison between governmental funds and governmental activities.

Governmental Fund Financial Statements are prepared on a modified accrual basis, which means that they measure only current financial resources and uses. Capital assets and long-term liabilities are not presented in the Governmental Fund Financial Statements, as they do not represent current available resources or obligations. The Commission adopts an annual appropriated budget for the general fund. A budgetary comparison statement for the general fund is presented in the basic financial statements to demonstrate compliance with the adopted budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

ANALYSIS OF THE COMMISSION'S GOVERNMENT-WIDE FINANCIAL STATEMENTS

Net Position

Net position may serve over time as a useful indicator of a government's financial position. In the case of the Commission, net position was approximately \$66.8 million at the end of the current fiscal year, an increase of 4.4% from the prior fiscal year's net position. The increase is due to increased revenue from investments and planned reductions in ongoing programs costs to align with the long-term financial plan. Following is a summary of the government-wide Statement of Net Position comparing balances at June 30, 2023 and June 30, 2022.

Most of the Commission's net position as of June 30, 2023 is considered unrestricted because their use is not for a purpose narrower than the Commission's purpose and were comprised of the following:

Assets, Current and Other

- Cash and investments totaled \$67.4 million. All \$67.4 million was invested in the Orange County Investment Pool (OCIP), except for a small petty cash fund held at the Commission. The investments in OCIP are managed by the County Treasurer and reviewed for compliance with the Commission's Annual Investment Policy. Cash and investments increased by 3.1% due to a lower baseline of program expenditures compared to revenue receipts. This approach has been intentional to build a fund balance to supplement future-year revenue declines.
- Due from other governments totaled \$3.5 million. Of this amount, \$2.75 million is Prop 10 tobacco tax revenue due from the State of California for the May and June 2023 allocations as well as California Electronic Cigarette Excise Tax (CECET) revenue for the fiscal year.
- Advances to others totaled \$581,843 million and represents funds advanced to contractors for services not provided by June 30, 2023. Approximately \$0.5 million was remaining as an advance to expand and improve the quality of developmental screenings countywide. The advances cover future periods up to Fiscal Year 2030.
- Prepays represents early payments made to the Orange County Employee's Retirement System for employer contributions that will be applied towards contributions after the next measurement date of December 31, 2023.
- Intangible right-to-use assets, net of amortization totaled \$521,429 for the Commission's office space lease and copier lease. The increase from the amount reported in the prior year is due to a seven-year lease extension agreed upon during the fiscal year. Note 9 to the Commission financial statements provides further detail on the Commission's leases.
- Net pension asset of \$21,849 is reported compared to a net pension asset of \$811,951 million in the prior year. Several factors contributed to the change in the net pension asset. The most significant factor is the recognition new deferred flows specifically due to the difference between employer contributions and proportionate share of contributions.

Deferred Outflows of Resources

- The Commission participates in a cost-sharing multiple-employer pension plan, the Orange County Employees Retirement System, and the cost-sharing multiple-employer County of Orange Retiree Benefit Plan. As a participant, the Commission is required to report its proportionate share of deferred outflows of resources related to pensions and other post-employment benefits.
- Deferred outflows of resources include \$1,355,246 which represents pension related amounts for measurement period ending December 31, 2022. Also included are total deferred outflows related to OPEB of \$116,000 as of measurement period ending December 31, 2022.
- Note 8 and 12 to the Commission financial statements provides further detail of all deferred outflows of resources reported in Fiscal Year 2022-2023.

**Liabilities
As of June 30, 2023**

Liabilities

- Accounts payable and due to other governments total \$4.8 million. These payables are for funded program services not yet billed at June 30, 2023 are based on established contract terms. The current balance represents a decrease from the prior year because several Commission funded programs had smaller budgets compared to the prior year and timelier submittal of invoices from program partners.
- Retentions payable total \$1.2 million. Retentions payable are held until end of contract audits are completed and received by the Commission to ensure compliance with contract terms.
- Other liabilities total \$94,980 consisting of accrued wages and benefits.
- Non-current liabilities assets total \$900,683 consisting of amount due for compensated absences, leases, and OPEB liabilities. The increase from the prior year is due to the seven-year extension of the office lease.

Deferred Inflows of Resources

- The Commission participates in a cost-sharing multiple-employer pension plan, the Orange County Employees Retirement System, and the cost-sharing multiple-employer County of Orange Retiree Benefit Plan. As a participant, the Commission is required to report its proportionate share of deferred inflows of resources related to pensions and other post-employment benefits.
- Total deferred inflows of resources of \$0.7 million is the result of the differences between expected and actual experience, changes of assumptions, net difference between projected and actual earnings on plan investments, and changes in the Commission's proportionate share occurring over the measurement period ending December 31, 2022.
- Note 8 and 13 to the Commission financial statements provides further detail of all deferred inflows of resources recognized in Fiscal Year 2022-2023.

Changes in Net Position

For the year ended June 30, 2023, current year operations increased the Commission's net position by \$2.8 million. The increase is due to both the timing of revenues from outside program funding, increased tobacco tax revenue, and the overall planned reduction of program expenditures. The following is a summary of the Commission's Statement of Activities comparing revenues, expenses and changes in net position for the fiscal years ended June 30, 2023 and June 30, 2022.

	FY 2022-23	FY 2021-22	Percent Increase (Decrease)
Revenues:

FISCAL YEAR ENDED JUNE 30, 2023**

Total revenues

The Commission's total revenues are comprised of both program revenues, which are restricted to one or more specific program uses, and general revenues.

- Program revenues*

The Commission's program revenues totaled \$24.4 million in Fiscal Year 2023. This represented a decrease of \$3.2 million (-11.5%) from Fiscal Year 2021-2022 program revenues. The decrease is due to lower tobacco tax revenue from a decline in statewide tobacco product sales.

- Tobacco Tax revenue includes revenues from taxes levied on tobacco products by the State of California and distributed amongst all counties based on the percentage of county birthrates as established in Proposition 10. This revenue decreased by \$3 million from the prior fiscal year. The lower tax revenues are a result of the statewide ban on the sale flavored tobacco products that became effective in November 2022. Beginning July 1, 2022, retailers of electronic cigarettes (in-state or out-of-state) are required to collect from the purchaser at the time of sale the California Electronic Cigarette Excise Tax (CECET) at the rate of 12.5 percent (12.50%) of the retail selling price of electronic cigarettes containing or sold with nicotine. A portion of CECET collected was allocated to First 5 CA and county First 5 Commissions. \$.38 million of CECET revenue was recognized by the Commission in Fiscal-Year 2022-2023.

- Other State and Federal operating grants and contributions for Fiscal Year 2022-2023 includes revenue from the state-wide IMPACT and Home Visiting program reimbursements that are variable from year to year and based on actual expenses. Of the total operating grants and contributions, \$1.5 million was for the state-wide IMPACT program and \$1.5 was for the CalWORKS Home Visiting Program.

- General revenues*

The Commission's general revenues totaled \$2.2 million in Fiscal Year 2022-2023. General revenues include all revenues that do not qualify as program revenues, such as investment income and other miscellaneous revenue reimbursements.

- Investment income increased significantly from the prior fiscal year. The increase in investment income from the Orange County Investment Pool (OCIP), which is administered by the County Treasurer, is due

**CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY
MANAGEMENT DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2023**

higher investment returns and the reversal of the prior year fair value adjustment. The Commission is required to record changes in the fair value of investments, and the prior year negative fair value adjustment was reported against revenue in the operating statement last year.

- Miscellaneous revenue increased slightly (5.3%) due to partnering with new community organizations to fund events and projects.

Governmental Activities Expenses

Total expenses increased by \$3.5 million (17%) from the prior fiscal year. The increase is due mostly to the timing of one-time systems building costs specifically for Children's Dental programs. Expenses for staff salaries and benefits also increased from the prior year due to the addition of staff.

- Zero-to-five child development programs increased by \$2.7 million (14.1%) from the prior fiscal year to fund programs serving children and families within the Commission's strategic goal areas of Prenatal-to-Three, School Readiness Initiative, and Systems Building. The increase is due to the previously mentioned timing of one-time systems building costs specifically for Children's Dental programs.
- Salaries and benefits increased by \$793,663 (74%) from the prior fiscal year due partly to the addition of staff and partly to the recognition of pension related expenses following GASB 68.

ANALYSIS OF THE COMMISSION'S GOVERNMENTAL FUND STATEMENTS

As noted earlier, the Commission uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The activities are contained in the general fund of the Commission. The focus of the Commission's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Commission's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources, both committed and available for future operational needs. Program revenues of approximately \$0.86 million were not received within the Commission's period of availability and, as such, are recorded as deferred inflows on the Governmental Fund Balance Sheet.

As of the end of the current fiscal year, the Commission's general fund reported total ending fund balance of \$65.6 million, an increase of \$2.3 million (3.6%) in comparison with the prior fiscal year. The increase is due to increased revenue from investments and planned reductions in ongoing programs costs to align with the long-term financial plan

Fund Balance Classifications
As of June 30, 2023
(\$ in millions)

Budget Amendments

The budget amendments are approved during each fiscal year for the General Fund in order to reflect the most current revenue trends and to account for shifts in funding objectives.

- Total budgeted revenues were decreased by \$3.9 million. The amendment was based on the passage of a ban on the sale of flavored tobacco products reducing the amount of tax collected and distributed to First 5 Commissions.
- Total budgeted appropriations were increased by \$3.6 million in the 0-5 child development program expenditures and for one-time system building programs. The increases are due mostly to the addition of expenses related to distributions for one-time system building programs for Early Childhood Health and Children's Dental Services.

Budget to Actual Comparisons

This section contains an explanation of the significant differences between the Commission's Final Budget amounts and actual amounts recorded for revenues and expenditures for Fiscal Year 2022-2023 as detailed on the Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual.

- Total actual revenues were above budgeted revenues in Fiscal Year 2022-2023 by \$2.3 million. Total revenues were over the amended budget amounts mostly due to larger than expected investment returns along with the reversal of the prior year negative fair value adjustment.
- Total budgeted appropriations exceeded actual expenditures in Fiscal Year 2022-2023 by \$3.1 million due to program funds spent under Zero to Five Programs for Home Visitation Services, the timing of distributions of one-time Catalytic funds, and vacant staff positions.
 - 0-5 child development program expenditures were less than budgeted appropriations by \$2 million. This was due mostly to underspending for the Home Visitation Program and the IMPACT programs. The original appropriations for these programs represent total funds available through each program award, but each program has unique scheduling and timelines that guide when funds are expended.
 - Salaries and benefits actual expenditures were less than budgeted appropriations by approximately \$399,000 due to staff positions that were vacant for portions of the year.
 - Catalytic/Systems Building expenditures were less than budgeted appropriations by approximately \$698,000. Fiscal Year 2022-2023 was the tenth year of Round 1 and 2 catalytic funding. The total funding amount of approximately \$61.9 million was approved by the Commission as detailed below. Expenditures are recognized as services are provided and deliverables met for each separate Catalytic/Systems Building program. At budget adoption, the timing of Fiscal Year 2022-2023 distributions and expense recognition were not known. Each Catalytic/Systems Building program has a unique scope and budget. Final payment terms are included in the contracts approved by the Commission for each Catalytic/Systems Building program. Remaining funding will be included in future year budgets as defined in the related Catalytic/System Building contract payment and deliverable schedules.

CURRENTLY KNOWN FACTS, DECISIONS OR CONDITIONS

On November 8, 2022, Proposition 31 passed which upheld a statewide ban on the sale of flavored tobacco products. As a result, projections for future tobacco tax revenues will decline below previous estimates. The flavor began impacting revenue receipts and projections beginning in Fiscal Year 2022-2023.

The Commission's financial plan has historically been conservative when estimating future-year revenues and maintains a fund balance in anticipation of future-year declining revenues. The assumptions used to project annual expenses/program funding throughout the ten-year financial plan will be adjusted to align with updated revenue projections from the California Department of Finance.

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023**

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Children and Families Commission of Orange County (the Commission) was established by the Orange County Board of Supervisors in 1999 under the provisions of the California Children and Families Act of 1998 (Act). The Commission is a public entity legally separate and apart from the County. The purpose of the Commission is to develop, adopt, promote and implement early childhood development and school readiness programs in the County of Orange consistent with the goals and objectives of the Act. The Commission's programs are funded primarily by taxes levied by the State of California on tobacco products.

A governing board of nine members, which are appointed by the County Board of Supervisors, oversees the Commission. Three members are considered Mandatory Members, comprised of representatives of the County Health Care Agency, Social Services Agency and Board of Supervisors. Other members are considered At-Large Members. The Board of Supervisors Mandatory Member serves for a one-year term without limitation on the number of terms he/she may serve. Other Mandatory Members serve until removed by the Board of Supervisors. At-Large Members serve for terms ranging from two to four years, not to exceed eight consecutive years. The County Board of Supervisors may remove any Commission Member at any time. The Commission is considered a discretely presented component unit of the County of Orange.

Upon termination of the commission, all assets of the Commission shall be returned to the State of California. The liabilities of the Commission shall not become liabilities of the County upon either termination of the Commission or the liquidation or disposition of the Commission's remaining assets.

Basis of Accounting and Measurement Focus

The basic financial statements of the Commission are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

Government-Wide Financial Statements

Government-wide financial statements consist of the statement of net position and the statement of activities. These statements are presented on an economic resources measurement focus. All economic resources and obligations of the reporting government are reported in the financial statements.

The government-wide financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting all assets, liabilities, deferred outflows and inflows of resources of the Commission are included on the statement of net position. The difference between the Commission's assets, liabilities, deferred outflows and inflows of resources is its net position. Net position represents the resources the Commission has available for use in providing services. The Commission's net position is classified as:

(Continued)

Government-Wide Financial Statements, (Continued)

Unrestricted – This category represents neither restrictions nor right to use assets and may be used by the Commission for any purpose though they may not be necessarily liquid.

Net Invested in Capital Assets – This category includes the Commission’s office lease that is amortized over the life of the lease period.

The statement of activities presents a comparison of the direct expenses and program revenues for the Commission’s governmental activities. Program revenues include grants and contributions restricted for the operational requirements of a particular program. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Program revenues include tobacco taxes, First 5 California programs and federal revenues. General revenues are all revenues that do not qualify as program revenues and include investment income and miscellaneous income. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33.

Fund Financial Statements

The fund financial statements consist of the balance sheet, the statement of revenues, expenditures and changes in fund balance, and the statement of revenues, expenditures and changes in fund balance – budget and actual of the Commission’s general fund. These statements are presented on a current financial resources measurement focus. Generally, only current assets, deferred inflows of resources, and current liabilities are included on the balance sheet. The statement of revenues, expenditures and changes in fund balance for the governmental fund generally presents increases (revenues) and decreases (expenditures) in net current resources. All operations of the Commission are accounted for in the general fund.

The fund financial statements have been prepared on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Revenues are considered available if they are received within 60 days after year-end. Revenues susceptible to accrual include tax revenues, grant revenues and investment income. Expenditures are recognized in the accounting period in which the fund liability is incurred except for compensated absences, which are recognized when due and payable at year-end.

Fair Value Measurement

The Commission categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset’s fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Commission does not have any investments that are measured using Level 3 inputs.

Deferred Outflows and Inflows of Resources

Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. Deferred outflow of resources represents a consumption of net assets that applies to future periods. The Commission has a deferred inflow, unavailable revenue, which occurs only under a modified accrual basis of accounting. Accordingly, the items are reported only in the governmental fund balance sheet. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available. The Commission also recognizes deferred outflows and inflows related to pensions and other post-employment benefits under the accrual basis of accounting. These items are reported only in the government-wide Statement of Net Position.

Capital assets, net of accumulated depreciation/amortization

Capital assets, including right to use lease assets, are not considered to be a financial resource and therefore, is not reported as an asset in the fund financial statements. Capital assets are capitalized and reported at cost, net of accumulated depreciation/amortization in the government-wide financial statements. The one addition to capital assets for the year was a seven-year office lease extension reported in the right-to-use lease assets.

Capital assets are recorded at historical cost. The Commission capitalizes assets with cost in excess of \$5,000 for equipment and \$150,000 for other assets, following the County of Orange schedule of asset definitions, and a useful life greater than one year. The Commission depreciates/amortizes capital assets using a straight-line method over the estimated useful life of each asset. The estimated useful life of equipment, ranges from 5 to 10 years.

Adjustments Between Fund Financial Statements and Government-Wide Financial Statements

Prepaid Items

Prepaid pension contributions are reported as a prepaid item in the fund financial statements and in the Statement of Net Position. The prepaid pension contributions, at the fund level, pertain to the contributions required for the related payroll periods of July 1, 2023 to June 30, 2024. A balance of \$194,580 is reported as of June 30, 2023 after any remaining contributions for the fiscal year were deducted from the prepaid account. Because the next actuarial valuation to determine the Commission's net pension liability will occur on December 31, 2023, the prepaid contributions are recognized as a deferred outflow of resources on the government wide statements to account for the portion that will be applied to the calculation of net pension liability.

Compensated absences

Compensated absence obligations are considered long-term in nature and are reported in the fund financial statements as expenditures in the period paid or when due and payable at year-end under the modified accrual basis of accounting. Compensated absences have been accrued in the government-wide financial statements and are included in long-term liabilities. Compensated absences are liquidated by the general fund.

(Continued)

Leases

The Commission is a lessee for noncancelable lease of office space and equipment. The Commission recognizes a lease liability and a right-to-use lease asset (lease asset) in the government-wide financial statements.

At the commencement of a lease, the Commission initially measured the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgements related to leases include how the Commission determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The Commission uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the Commission generally uses the County of Orange incremental borrowing rate as the discount for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments.

The Commission monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the statement of net position.

Pensions

In government-wide financial statements, retirement plans (pensions) are required to be recognized and disclosed using the accrual basis of accounting regardless of the amount recognized as pension expenditures on the governmental fund statements, which use the modified accrual basis of accounting.

In general, the Commission recognizes a net pension liability/asset, which represents the Commission's proportionate share of the excess of the total pension liability/asset over the fiduciary net position reflected in the actuarial report provided by the Orange County Employees Retirement System (OCERS). The net pension liability/asset is measured as of OCERS' prior fiscal year end December 31, 2022 and is reported on the same basis as they are reported by OCERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. Changes in the net pension are recorded, in the period incurred, as pension expense or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change. The changes in net pension that are recorded as deferred inflows of resources or deferred outflows of resources (that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience) are amortized in the respective pension plan and are recorded as a component of pension expense beginning with the period in which they are incurred.

Other Postemployment Benefits (“OPEB”)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about fiduciary net position of the County of Orange Retiree Benefit Plan (“OPEB Plan”) and additions to/deductions from OPEB Plan’s fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments, which are reported at amortized cost.

The following timeframes are used for OPEB reporting:

Valuation Date	June 30, 2021
Measurement Date	December 31, 2022
Measurement Period	January 1, 2022 to December 31, 2022

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources to OPEB and are to be recognized in future OPEB expense. The amortization period differs depending on the source of gain or loss. The difference between projected and actual earnings is amortized on a straight-line basis over five years. All other amounts are amortized on a straight-line basis over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) at the beginning of the measurement period.

Due to other governments

Due to other governments represents amounts owed to grantees and governmental agencies for services provided to the Commission in accordance with the Commission’s strategic plan.

Retentions payable

The Commission retains a percentage of amounts billed by grantees and vendors in accordance with executed contracts. Upon fulfilling the requirements of the grantee agreement or contract, the amounts are released.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Also, the preparation of the financial statements inherently requires the rounding of amounts and estimates.

Budget and Budget Reporting

The Commission is required by Orange County ordinance to prepare a budget each year based on estimates of revenues and expected expenditures. The Commission's Board of Commissioners adopted an annual budget of expenditures for the year ended June 30, 2023, which is prepared on the modified accrual basis of accounting. The accompanying statement of revenues, expenditures and changes in fund balance – budget and actual includes the budgeted expenditures for the year, along with management's estimate of revenues for the year. The legal level of budgetary control is at the total fund level.

Fund Balance

Fund balance classifications comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The Commission established the following classifications and definitions of fund balance for the year ended June 30, 2023:

Nonspendable – Resources that cannot be spent because they are not in an expendable form (e.g. prepaid asset, advances to others) or must be maintained intact (e.g. endowment principal).

Restricted - Resources that are constrained to specific purposes by an external provider (e.g. grantors, contributors, governmental laws and regulations) or by constitutional provisions or enabling legislation.

Committed - Resources with self-imposed limitations and require both the approval of the highest level of decision-making authority (Board of Commissioners) and the same formal action to remove or modify the limitations. The formal action required by the Board of Commissioners for funds to be committed is action by the way of resolution allocating funding for a specific purpose, program or initiative.

Assigned - Resources with self-imposed limitations but do not require approval by the highest level of decision-making authority (may be a body, committee or individual designated by Board of Commissioners) or the same level of formal action to remove or modify limitations. Includes appropriation of a portion of existing fund balance sufficient to eliminate subsequent year's budget deficit, resources assigned to specific program for which there is an approved budget, and resources approved by the Commission for a long-range financial plan.

Unassigned - Resources that cannot be reported in any other classification.

Fund balance of governmental funds is reported in various categories based on the nature of the limitations requiring the use of resources for specific purposes. The Commission itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

CHILDREN AND FAMILIES COMMISSION OF ORANGE COUNTY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 – ORGANIZATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

The committed fund balance classification includes amounts that can be used only for the specific purpose determined by a formal action of the Commission. The Commission is the highest level of decision-making authority for the government that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the Commission for specific purposes but do not meet the criteria to be classified as committed. The Commission adopts an annual budget and gives authority to the Executive Director and staff to assign fund balance for approved contracts in force. Unlike commitments, an additional action does not normally have to be taken for the removal of an assignment.

The Commission's spending priority is to spend restricted fund balance first, followed by committed, assigned and unassigned fund balance.

Refer to Note 6 for additional details regarding the GASB 54 classification of fund balance.

Encumbrances

The Commission utilizes an encumbrance system as a management control technique to assist in controlling expenditures. Encumbrances of \$23.8 million represent Board-approved future year contracts for Catalytic Programs (\$6.1 million) and annual programs and operations (\$17.7 million). The two most significant Catalytic Program encumbrance are for Children's Dental (\$.8 million) and Developmental Screenings (\$4.5 million). The two largest program encumbrance balances are for the Bridges: Maternal Child Health Network (\$6.5 million) and School District Partnerships (\$6.6 million). Encumbrances for Catalytic Programs are reported in Committed fund balance and encumbrances for other programs are reported in Assigned fund balance.

Imprest Cash	<u>10,000</u>
Total Cash and Investments	<u><u>\$ 67,399,655</u></u>

Cash and investments consisted of the following at June 30, 2023:

Orange County Investment Pool:	
Equity in pooled Money Market fund	\$ 67,389,655
Imprest Cash	<u>10,000</u>
Total Cash and Investments	<u><u>\$ 67,399,655</u></u>

Investments Authorized by the California Government Code and the Commission Investment Policy Statement

Authorized investment instruments include:

- Certificates of Deposit (insured or collateralized)
- Orange County Investment Pool
- “AAAm” rated Money Market Mutual Funds
- U.S. Treasury securities
- U.S. Government Agency securities: Debt securities issued by U.S. Government sponsored enterprises and federally related institutions. These government agencies include: Federal Home Loan Banks (FHLB), Federal Home Loan Mortgage Corporation (FHLMC or Freddie Mac), Federal National Mortgage Association (FNMA or Fannie Mae), Federal Farm Credit Banks (FFCB)

All Money Market Mutual Funds must be AAAm rated by two NRSROs, invest only in direct obligations in US Treasury bills, notes, bonds, U.S. Government Agencies, Municipal debt and repurchase agreements with a weighted average maturity of 60 days or less, and have a minimum of \$500 million in assets under management. Money Market Mutual Funds that do not maintain a constant NAV (Net Asset Value) will be prohibited.

The Commission is a participant in the County Treasurer’s Orange County Investment Pool (OCIP). The OCIP is an external investment pool, is not rated and is not registered with the Securities Exchange Commission (SEC). The County Treasury Oversight Committee conducts OCIP oversight. Cash on deposit in the OCIP at June 30, 2023, is stated at fair value. The OCIP values participant shares on an amortized cost basis during the year and adjusts to fair value at year-end. For further information regarding the OCIP, refer to the County of Orange Annual Comprehensive Financial Report.

Fair Value Measurements

The Commission categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of June 30, 2023, the Commission held no individual investments. All funds are invested in OCIP.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Commission's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Deposits and withdrawals in the OCIP are made based on \$1 and not fair value. Accordingly, the Commission's proportionate share of investments in the OCIP at June 30, 2023 of \$67,389,655 is measured based on an uncategorized input not defined as a Level 1, Level 2, or Level 3 input.

NOTE 3 – DUE FROM OTHER GOVERNMENTS

The due from other governments account represents amounts due to the Commission from the California Children and Families Commission ("State Commission") for Prop 10 and California Electronic Cigarette Excise Tax (CECET) related revenues and other governmental agencies. The amounts due to the Commission at June 30, 2023, were as follows:

Due from State Commission:

NOTE 8 – DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan Description. All full-time employees of the Commission participate in the Orange County Employees Retirement System (OCERS). OCERS was established by the County of Orange in 1945. OCERS is administered by the Board of Retirement and governed by the County Employee's Retirement Law of 1937 California Government Code Section 31450 et. seq.). OCERS is a cost-sharing multiple employer public employee retirement system whose main function is to provide service retirement, disability, death and survivor benefits to the Safety and General members employed by the County of Orange. OCERS also provides retirement benefits to the employee members of the Orange County Courts, the Orange County Retirement System, two cities and thirteen special districts.

The management of OCERS is vested with the Orange County Board of Retirement. The Board consists of nine members and one alternate. The County Treasurer is a member of the Board of Retirement by law. Four members are appointed by the Board of Supervisors, one of whom may be a County Supervisor. Two members are elected by the General membership; one member and one alternate are elected by the Safety membership, and one member is elected by the retired members of the System. All members of the Board of Retirement serve terms of three years except for the County Treasurer whose term runs concurrent with her term as County Treasurer. OCERS issues a stand-alone annual financial report, which can be obtained at www.ocers.org.

Benefits Provided. OCERS provides service retirement, disability, death and survivor benefits to eligible employees. All regular full-time employees of the County of Orange or contracting agencies who work a minimum of 20 hours per week become members of OCERS effective on the first day of employment in an eligible position. There are separate retirement plans for General and Safety member employees. Safety membership is extended to those involved in active law enforcement, fire suppression, and certain probation officers. Any new Safety Member who becomes a member on or after January 1, 2013 is designated PEPRSA Safety and is subject to the provisions of California Public Employees' Pension Reform Act of 2013 (PEPRA), California Government Code 7522 et seq. All other employees are classified as General members. New General Members employed after January 1, 2013 are designated as PEPRA General subject to the provisions of California Government Code 7522 et seq.

General members prior to January 1, 2013, including all members of Plan T and Plan W hired on or after January 1, 2013, are eligible to retire once they attain the age of 50 and have acquired ten or more years of retirement service credit. A member with 30 years of service is eligible to retire regardless of age. General members who are first hired on or after January 1, 2013, excluding member of Plan T and Plan W, are eligible to retire once they have attained the age of 52, and have acquired five years of retirement service credit.

All General members can also retire at the age of 70 regardless of service.

The retirement benefit the member will receive is based upon age at retirement, final average compensation, years of retirement service credit and retirement plan and tier.

NOTE 8 – DEFINED BENEFIT PENSION PLAN (Continued)

General Information about the Pension Plan (Continued)

General member benefits are calculated pursuant to the provisions of Sections 31676.01, 31676.1, 31676.12, 31676.16, 31676.18 or 31676.19. For section 31676.01, the monthly allowance is equal to 1/90th of final compensation times years of accrued retirement service credit times age factor from that Section. For Section 31676.1, the monthly allowance is equal to 1/60th of final compensation times years of accrued retirement service credit times age factor from the Section. For Sections 31676.12, 31676.16, 31676.18 or 31676.19, the monthly allowance is equal to 1/50th of final compensation times years of accrued retirement service credit times age factor from the corresponding Section. General member benefits for those who are first hired on or after January 1, 2013, excluding members of Plan T, are calculated pursuant to the provision California Government Code Section 7522.20(a). The monthly allowance is equal to the final compensation multiplied by years of accrued retirement credit multiplied by the age factor from Section 7522.20(a).

For members with membership dates before January 1, 2013, including all members of Plan T and Plan W hired on or after January 1, 2013, the maximum monthly retirement allowance is 100% of final compensation. There is no maximum with membership dates on or after January 1, 2013, excluding members of Plan T and Plan W.

Final average compensation consists of the highest 12 consecutive months for a General Tier 1 or Safety Tier 1 member and the highest 36 consecutive months for a General Tier 2, General PEPRA, Safety Tier 2 or Safety PEPRA member.

The member may elect an unmodified retirement allowance or choose an optional retirement allowance. The unmodified retirement allowance provides the highest monthly benefit and a 60% continuance to an eligible surviving spouse or domestic partner. An eligible surviving spouse or domestic partner is one married to or registered with the member one year prior to the effective retirement date. Certain surviving spouses or domestic partners may also be eligible if marriage or domestic partnership was at least two years prior to the date of death and the surviving spouse or domestic partner has attained age 55. There are four optional retirement allowances the member may choose. Each of the optional retirement allowances requires a reduction in the unmodified retirement allowance in order to allow the member the ability to provide certain benefits to a surviving spouse, domestic partner, or named beneficiary having an insurable interest in the life of the member.

OCERS provides an annual cost-of-living benefit to all retirees. The cost-of-living adjustments, based upon the Consumer Price Index for All Urban Consumers for the Los Angeles-Riverside-Orange County Area, is capped at 3.0%.

Contributions. The Commission contributes to the retirement plan based upon actuarially determined contribution rates adopted by the Board of Retirement. Employer contribution rates are adopted annually based upon recommendations received from OCERS' actuary after the completion of the annual actuarial valuation. The average employer contribution rate for the first six months of calendar year 2022 or the second half of fiscal year 2021-2022 (based on the December 31, 2019 valuation) was 41.49% of compensation. The average employer contribution rate for the last six months of calendar year 2022 or the first half of fiscal year 2022-2023 (based on the December 31, 2020 valuation) was 41.16% of compensation. Contributions recognized by the plan for the fiscal year ended June 30, 2023, were \$200,172.

The average member contribution rate for the first six months of calendar year 2022 or the second half of fiscal year 2021-2022 (based on the December 31, 2019 valuation) was 12.31% of compensation. The average member contribution rate for the last six months of calendar year 2022 or the first half of fiscal year 2022-2023 (based on the December 31, 2020 valuation) was 12.16% of compensation.

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the Commission reported a net pension asset of (\$21,846) for its proportionate share of the net pension liability (NPL)/(asset). The NPL/(asset) was measured as of December 31, 2022. Plan Fiduciary Net Position (plan assets) was valued as of the measurement date while the Total Pension Liability (TPL) was determined based upon rolling forward the TPL from actuarial valuation as of December 31, 2021. At December 31, 2022, the Commission's proportion was -0.0% percent allocated based on the actual employer contributions within the Commission's rate group. This represents a decrease from 0.040%, from the proportionate share measured as of December 31, 2021.

For the year ended June 30, 2023, the Commission recognized pension expense of (\$111,896). As of June 30, 2023, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments		\$3,498
Changes in proportion and differences between employer contributions and proportionate share of contributions	\$1,255,317	684,632
Changes of assumptions or other inputs		565
Difference between expected and actual experience	128	333

Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was determined in 2020 using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses are shown in the following table. This information was used in the derivation of the long-term expected investment rate of return assumption for the December 31, 2022 and 2021 actuarial valuation. This information will change every three years based on the actual experience study.

Discount rate. The discount rate used to measure the TPL was 7.00% as of December 31, 2022 and 2021. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits for current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the Plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL as of both December 31, 2022 and 2021.

NOTE 10 – LEASES

Office Lease

The Commission approved an amendment to the agreement to lease office space adding seven years to the lease term. The amended lease terminates October 2030. Under the terms of the lease, the Commission pays a monthly base fee based on a pre-determined schedule. A security deposit of \$7,400 is currently held by the lessor. The lease was valued using a discount rate of 4% (County incremental borrowing rate).

<u>Lease Year</u>	<u>Monthly Base Rate</u>	<u>Lease Year</u>	<u>Monthly Base Rate</u>

Equipment Lease

The Commission entered into an agreement to lease a copier beginning June 2017. The current amended lease Terminated on May 31, 2023. Under the terms of the lease, the Commission paid a pre-determined monthly base fee of \$213 for the copier unit.

At June 30, 2023, the Commission had no remaining right-to-use asset for the leased equipment and no related lease liability. During the fiscal year, the Commission recorded \$2,275 in amortization expense. The payments for the lease included \$2,310 in principal payments and \$35 in interest for the right to use the copier. The Commission used a discount rate of 3% representing the Commission's incremental borrowing rate.

NOTE 11 – RELATED PARTY TRANSACTIONS

The Commission contracts with the County to provide accounting, banking and investment, purchasing, human resources, risk management and other administrative services. The Commission participates in the County's risk management programs (commercial and self-insurance programs) for general and automobile liability insurance, public official liability, rental interruption, personal property, worker's compensation, group health indemnified plans, group salary continuance plan, group dental plan and unemployment benefit plan. The Commission records its portion of related insurance premiums charged by the County as an expense. Insurance expense for the year ended June 30, 2023 was \$40,180. The Commission incurred expenses totaling \$274,821 for all other County services provided during the year ended June 30, 2023. The amount owed to the County for program services funded through the Health Care Agency at June 30, 2023 was \$317,042. Amounts owed to the Commission from the County of Orange are \$309,971.

The Commission paid \$1,103,458 of service provider grants to organizations represented by a member of the Board of Commissioners, although all members abstain from all votes regarding funding to the organization represented. The Commission incurred a total of \$1,634,186 in expenses paid to the County for program services delivered by the Health Care Agency and Social Services Agency.

NOTE 12 – PROGRAM EVALUATION

In accordance with the Standards and Procedures for Audits of California Counties Participating in the California Children and Families Program, issued by the California State Controller, the Commission is required to disclose the amounts expended during the fiscal year on program evaluation. Program evaluation costs pertain to those activities undertaken to support the collection, production, analysis and presentation of evaluation information for Commission management, Commissioners and other interested parties. For the year ended June 30, 2023, the Commission expended \$723,177 for program evaluation.

NOTE 13 – OTHER POST EMPLOYMENT BENEFITS (OPEB) - RETIREE MEDICAL PLAN

Plan Description. In accordance with the Commission's participation agreement entered into in July 2007, the Commission is a participant in the County of Orange Retiree Medical Plan (the Plan). The Plan is a cost-sharing multiple employer defined benefit retiree medical plan. The Plan provides a grant for medical benefits to eligible retirees and their dependents and lump-sum payments for employees separating from employment prior to being eligible for the grant. The County Board of Supervisors maintains the authority to establish and amend the Plan's benefit provisions. The financial statements and required supplementary information of the Plan are included in the County of Orange's fiscal year 2022-2023 Annual Comprehensive Financial Report. The Commission is reported in the County's Annual Comprehensive Financial Report as a discretely presented component unit. That report may be obtained by contacting the County of Orange, Auditor Controller, 12 Civic Center Plaza, Room 200, Santa Ana, California 92702.

Eligibility. An employee who is credited with at least ten years of service at the time the employee becomes a retiree and elected to remain in the grant program shall be eligible to receive a grant in accordance with the County of Orange Retiree Medical Plan. This election is a change to the plan approved by the County Board of Supervisor's on December 20, 2022 and is explained further in the actuarial assumptions. An employee who becomes a retiree eligible for the grant and does not immediately begin to receive a retirement allowance from OCERS is not eligible to participate in the plan until the employee's retirement allowance commences. In order to be eligible to receive the grant, a participant must be covered under a Qualified Health Plan and/or Medicare. Coverage in a Qualified Health Plan must be elected within 30 days of the commencement of retirement allowance from OCERS. A covered retiree or surviving dependent who is age 65 or older must be enrolled in Medicare Part A (if eligible for coverage without a premium) and Part B in order to be eligible for the grant. A Qualified Health Plan is defined as a health insurance plan made available to employees and/or retirees, including a County Health Plan or a plan administered by an Employee Organization that the County of Orange has agreed shall be a Qualified Health Plan. A lump sum payment is available under limited circumstances as defined in the plan for an employee whose employment terminates prior to becoming eligible for a grant.

Benefits Provided. The monthly benefit paid to an eligible retiree is equal to \$10 multiplied by the number of full years of credited service (with a maximum of 25 years). The monthly benefit shall not exceed the actual cost to the retiree for coverage under a qualified health plan and Medicare premiums. The benefit is reduced by 7.5% per year for each year the retiree is less than 60, based on the date the employee takes active retirement from OCERS. Conversely, the benefit is increased by 7.5% per year for each year the retiree is in excess of 60, and no adjustment is made for years of age after age 70. A 50% reduction adjustment applies to retirees and surviving dependents eligible for both Medicare Part A (without premium) and Part B. A surviving dependent of a retiree previously receiving a benefit is eligible to receive a monthly survivor benefit equal to 50% of the amount the retiree was eligible to receive. The monthly benefit is adjusted annually (not to exceed 3% per year) based on the average increase or decrease across all County retiree health plans.

Contribution. The Commission makes contributions to the plan equal to the actuarially determined contribution. The percentage contributions are established by a Participation Agreement with the County of Orange. All contributions are employer contributions and are made through the County of Orange payroll system. For the fiscal year ended June 30, 2023, the Commission's contributions were \$49,000.

NOTE 13 – OTHER POST EMPLOYMENT BENEFITS (OPEB) - RETIREE MEDICAL PLAN
(continued)

At June 30, 2023, the Commission reported a liability of \$269,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of December 31, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021. The Commission's proportion of the net OPEB liability was based on a projection of the Commission's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating member agencies, actuarially determined. At December 31, 2022, the Commission's proportion was 0.090 percent, no change from the prior measurement date.

For the fiscal year ended June 30, 2023, the Commission recognized OPEB expense of \$21,000. For the fiscal year ended June 30, 2023, the Commission reported deferred outflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
OPEB contributions subsequent to the measurement date	\$29,000	
Differences between expected and actual experience		\$32,000
Changes of assumptions	6,000	8,000
Net difference between projected and actual earnings on plan investments	22,000	
Changes in proportion and differences between employer contributions and proportionate share of contributions	59,000	1,000
Total	<u>\$116,000</u>	<u>\$41,000</u>

The \$29,000 reported as deferred outflows of resources related to contributions subsequent to the December 31, 2022 measurement date will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized as expense as follows:

Year ended June 30:	
2024	\$ 1,000
2025	6,000
2026	9,000
2027	19,000

Actuarial Assumptions: The total OPEB liability in the June 30, 2021 valuation date was determined using the following significant actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Funding Policy	Employer contributes the ADC for the Grant and lump sum benefits and pays the blended rates benefit on a pay-as-you-go basis
Discount rate	7.00%
Long-Term Expected Rate of Return on Investments	7.00%, net of investment expenses
General Inflation	2.50% annually
Salary Increases	Aggregate – 3.00% annually Merit – OCERS 2017-2019 Experience Study
Grant Increase Rate	AFSCME – lesser of 5% and Medical Trend Non-AFSCME – lesser of 3% and Medical Trend
Mortality, Disability, Termination, Retirement	OCERS 2017-2019 Experience Study
Mortality Improvement	Mortality projected fully generational with Society of Actuaries Scale MP-2019
Medical Trend	- Non-Medicare – 6.50% for 2023, decreasing to an ultimate rate of 3.75% in 2076 Medicare (Non-Kaiser) – 5.65% for 2023, decreasing to an ultimate rate of 3.75% in 2076 - Medicare (Kaiser) – 4.60% for 2023, decreasing to an ultimate rate of 3.75% in 2076
Spouse Participation at Retirement	- New retirees in County medical plans – 35% - New retirees in AOCDS medical plans – 65%
Changes of assumptions	None, other than participation assumptions used for valuing the change in benefit terms for applicable General employee groups.
Changes of benefit terms and method and assumptions for applicable General employee groups	- OPEB changes approved by Board on 12/20/22. Grant frozen as of June 16, 2023, no COLA, no Grant age adjustment - One time election to opt out of Grant program and receive cash value transfer to a HRA - County provided actual opt out elections for rounds 1 and 2 of plan change roll-out - Active and pre-65 retiree premiums will be pooled as of January 1, 2024 with pre-65 retiree rates set 20% higher than active rates - Those staying in the Grant program were assumed to take Grant at retirement. 50% of those opting out were assumed to participate in County medical plans at retirement even though not receiving a Grant. - One time total HRA transfer for opt-outs was subtracted from the 12/31/22 FNP as an accrued payable amount (after adjusting for timing difference between measurement date and actual HRA contributions)

Discount Rate. The discount rate used to measure the total OPEB liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

NOTE 14 – FIRST 5 CALIFORNIA IMPACT PROGRAM AND REGIONAL HUB

First 5 California funded a statewide program to implement the California Quality Rating and Improvement System (QRIS). The QRIS is a systemic approach to assess, improve, and communicate the level of quality in early education programs. The Commission received First 5 IMPACT funds that were contracted to the Orange County Department of Education (OCDE) as the local organization with expertise for implementing early education quality programs. First 5 California funding for IMPACT is \$3,263,424 for a three-year period that began July 1, 2020. Funds claimed for the period ending June 30, 2023 totaled \$1,441,584, and all IMPACT funds require a two to one program partner match of two dollars of First 5 CA funding to every dollar of local funding.

First 5 California also provided funding for two other programs. The Home Visiting Coordination program coordinates efforts among the various organizations providing home visiting services. While First 5 Orange County has been the primary funder of home visiting in the county, there is not a comprehensive countywide plan for sustained home visiting services. The funding helps to build understanding about what home visiting services are available and who receives them, cultivate leadership around the importance of home visiting in the Prenatal-to-Three system, and develop a shared vision among key stakeholders in Orange County.

NOTE 15 – ADVANCES TO OTHERS

Advances to others as of June 30, 2023 were \$581,843. Advances to others include Catalytic Round 1 and 2 funds advanced to service providers. The Commission invested in Catalytic programs expanding the service capacity of service providers in Child Development, Early Learning, and Homeless Prevention. In February 2012, the Commission approved funding of \$5,500,000 to Pretend City Children's Museum for a permanent and expanded Healthy Child Development platform. Of the total \$5,500,000 approved, \$500,000 has been advanced to Pretend City, and \$81,843 for miscellaneous deposits with funded partners. The advanced funds are expensed as services are provided.

Note: Detail may not compute to total due to rounding.

- a. Net of refunds for tax indicia on cigarettes that become unfit for use (See Refunds).
- b. A discount of .85 percent of gross value of tax indicia is granted to distributors for affixing the stamps. From July 1, 1960, until August 1, 1967, the discount rate was 2 percent.
- c. Includes sales of indicia purchased on credit. Effective July 16, 1961, distributors have been able to purchase tax indicia on credit.
- d. Effective April 1, 2017, the overall tax rate on cigarettes was increased from 87 cents to \$2.87 per pack.
- e. From July 1, 2001, through September 9, 2001, the surtax rate on smokeless tobacco ranged from 131 percent for moist snuff to 490 percent for chewing tobacco. Effective September 10, 2001, the surtax rate on smokeless tobacco was lowered to 52.65 percent.
- f. Effective January 1, 1999, the overall tax rate on cigarettes was increased from 37 cents to 87 cents per pack under voter-approved Proposition 10. The additional 50-cent-per-pack tax was imposed to raise funds for early childhood development programs. Excludes \$87,978,766 in 1998-99 from the floor stocks taxes for both cigarettes and other tobacco products levied on January 1, 1999.
- g. From July 1, 1998, through December 31, 1998, the surtax rate was 26.17 percent for other tobacco products. Effective January 1, 1999, the new surtax imposed under Proposition 10 raised the combined surtax rate to 61.53 percent for other tobacco products. The new surtax is equivalent (in terms of the wholesale costs of other tobacco products) to a 50-cent-per-pack tax on cigarettes.
- h. Effective January 1, 1994, the overall tax rate on cigarettes was increased from 35 cents to 37 cents per pack. The additional 2-cent-per-pack tax was imposed to raise funds for breast cancer research and education.
- i. Effective January 1, 1989, an additional 25-cent-per-pack surtax was imposed on cigarettes and a new 41.67 percent surtax was imposed on other tobacco products. Excludes \$57,927,856 in 1988-89 and \$595,000 in 1989-90 from the floor stocks tax levied on January 1, 1989.
- j. Effective August 1, 1967, the tax rate was increased from 3 cents to 7 cents per pack. On October 1, 1967, the rate was further increased to 10 cents per pack, with the stipulation that 30 percent of the tax be allocated to cities and counties. Includes \$6,515,209 from the 4-cent-per-pack floor stocks tax levied on August 1, 1967; and \$4,889,485 from the 3-cent-per-pack floor stocks tax imposed October 1, 1967.
- k. Refunds made for distributors' discounts in the 1960-61 fiscal year on purchases made in the 1959-60 fiscal year have been deducted. Refunds amounted to \$324,000.
- l. Effective July 1, 1960, a discount was allowed at the time tax indicia were purchased.
- m. Includes \$2,673,048 from the 3-cent-per-pack floor stocks tax imposed July 1, 1959; and also includes the amount of distributors' discounts which were refunded after purchase of indicia. During July and August of 1959, the tax was collected by invoice and no discount was allowed on these collections of \$8,123,700, nor on the \$2,673,048 tax on floor stocks.
- n. The total 2017-18 expenditures for Prop 56 are \$4,932,471. The breakdown by fund is: 1) \$677,227 – Fund 3304, 2) \$4,255,244 – Fund 3308 (please note that in 2017-18 the fund was 3308 and now 3319 is a subaccount of this fund). The total 2018-19 expenditures for Prop 56 are \$3,638,637. The breakdown by fund is: 3) \$521,404 – Fund 3304, 4) \$3,117,233 – Fund 3319. Funds are used to reimburse the CDTFA for expenses incurred in the administration, enforcement, collection and distribution of the tax imposed by Proposition 56.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board Commissioners
Children and Families Commission of Orange County
Santa Ana, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Children and Families Commission of Orange County (Commission), a component unit of the County of Orange, California, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements and have issued our report thereon dated November 17, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on State Compliance

To the Board of Commissioners
Children and Families Commission of Orange County
Santa Ana, California

Report on Compliance

Opinion

We have audited the Children and Families Commission of Orange County's (Commission), a component unit of the County of Orange, California, compliance with the requirements specified in the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office, applicable to the Commission's statutory requirements identified below for the year ended June 30, 2023.

In our opinion, the Commission complied in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the California Children and Families Program for the year ended June 30, 2023.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the Commission's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above, and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the California Children and Families Program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Commission's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Commission's compliance with the requirements of the California Children and Families Program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Commission's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances;
- Obtain an understanding of the Commission's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the Commission's compliance with the state laws and regulations applicable to the following items:

Description	Audit Guide Procedures	Procedures Performed
Contracting and Procurement	6	Yes
Administrative Costs	3	Yes
Conflict-of-Interest	3	Yes
County Ordinance	4	Yes
Long-range Financial Plans	2	Yes
Financial Condition of the Commission	1	Yes
Program Evaluation	3	Yes
Salaries and Benefit Policies	2	Yes

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on compliance is solely to describe the scope of our testing over compliance and the results of that testing based on the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*. Accordingly, this report is not suitable for any other purpose.
