

# We Want to Hear From You!

Community, County, and State health partners want to understand what health needs are most important to you and your community.

Latino Health Access is helping this process by hosting two Listening Forum Sessions where we can help choose what topics get prioritized to be worked on.

## Topics include:

- Access to Care/Health Insurance
- Navigating the Healthcare System
- Developmental Screening
- Parenting Resources
- Mental Health
- Economic Family Support

for Mothers, Infants, Children, Adolescents, and  
Children with Special Health Care Needs

**Tuesday, May 28**

**5:00-6:00pm**

**Wednesday, May 29**
